

THE EVENING BULLETIN.

VOLUME X.

MAYSVILLE, KY., WEDNESDAY, AUGUST 5, 1891.

NUMBER 217.

PROFESSIONAL AND BUSINESS CARDS.

FRANK P. O'DONNELL,

ATTORNEY

And Counsellor at Law. Practices in Mason and adjoining counties. Office in building of Wadsworth & Son.

L. W. GALBRAITH,

ATTORNEY

And Counsellor at Law. Practices in the courts of Mason and adjoining counties. Prompt attention paid to collections.

W. S. YAZELL,

Second Street, Fifth Ward,

PHYSICIAN AND SURGEON.

Office opposite Collins & Rudy's Planing Mill.

SAMUEL PANGBURN,

North Side of Third Street,

PHYSICIAN AND SURGEON.

Office 31 Third Street, West of Market.

DR. P. G. SMOOT,

—Homeopathic—

PHYSICIAN AND SURGEON.

Office Hours—7 to 9 a. m., 1 to 3 p. m., 7 to 9 p. m. Office, No. 34 Second St., late Dr. Holton's office.

C. W. WARDLE,

DENTIST.

ZWEIGART'S BLOCK.

DEWITT C. FRANKLIN,

DENTIST.

WEST SUTTON STREET.

T. H. N. SMITH,

DENTIST.

EAST SECOND STREET.

DR. PARIS WHEELER,

Office at Daulton Bros.' Stables,

VETERINARY SURGEON.

Cures all cases of lameness or no charge. Has a blister from French school that will not blister.

J. J. FITZGERALD,

Successor to T. J. Curley,

SANITARY PLUMBER

And Steam and Gas Fitter. All work done in the best manner. Satisfaction guaranteed.

M. R. GILMORE,

Granite Marble and

FREESTONE WORKS.

All kinds of Monumental work done in the best manner. Second street, above opera house.

A. SORRIES,

Second Street, Near Limestone,

LOCK AND GUNSMITH.

Repairing of all kinds done promptly and on reasonable terms.

D. THOMPSON,

Adjoining P. J. Malley's Grocery,

LOCK AND GUNSMITH.

Locks adjusted, Keys fitted, Guns, Bicycles, etc., repaired. House Smithing a specialty.

C. F. ZWEIGART, JR.,

DAILY MEAT MARKET.

Corner of Second and Sutton Streets.

I HAVE OPENED A

JUNK HOUSE

In Dodson's coal yard on Wall street. Will pay 50 cents for Country Rags, 50 cents for Rot Iron, from 25 to 40 cents for Cast Iron, 40 cents for Dry Bones, and buying all kinds of Metal—Copper, Brass, Zinc and Rubber, paying fancy prices. H. OBERSTEIN.

VIGOR OF MEN

Essentially, Quickly, Permanently Restored. Weakness, Nervousness, Debility, and all the train of evils from early errors or later excesses, the results of overwork, sickness, worry, etc. Full strength, development, and tone given to every organ and portion of the body. Simple, natural methods. Immediate improvement seen. Failure impossible. 2,000 references. Book, explanations and proofs mailed (sealed) free. Address: ERIE MEDICAL CO., BUFFALO, N. Y.

DOWN TO BUSINESS.

Opening of the G. A. R. National Encampment.

AFTER THE GRAND PARADE.

Detroit Proud of the Welcome Given the Veterans of the War, and Now the Real Work of the Gathering Will Be Accomplished.

DETROIT, Aug. 5.—It was precisely ten minutes after 5 o'clock yesterday evening when, with a sigh of relief, Commander-in-chief Veazey swung his slouch hat on his head and grasped the hand of ex-President Hayes. Six hours before he had given the signal for the head of the column to move, and for over five of them he had kept on his feet while the veterans marched past the grand stand and saluted.

GEN. W. G. VEAZEY, Commander-in-chief of the G. A. R.

It was a long and trying spell, but the other occupants of the grand stand stood it bravely, and although they mutually agreed that they were glad enough it was over and the veterans foot sore and worn out as they were, for the line of march covered over five miles, were in the best of spirit. What with the enthusiasm of the immense crowds, the broad and well paved avenues, the ample police arrangements and the innovation in the shape of the wire ropes that were stretched on either side of the roadway along the entire line of march, and which kept the throngs from encroaching on the formation of the line, they were fain to admit that it was one of the most pleasing and successful turn-outs in the history of the organization.

GRAND ARMY PARADE.

The arrangements for feeding the multitude were likewise ample, and the tens of thousands of hungry men and women who fied hither and thither in search of sustenance for the inner man when the parade was finally disbanded, found no cause for complaint. All in all the City of the Straits has done itself proud.

For the first time in the history of the order, an ex-president of the United States marched with the posts of his native state. It was Rutherford B. Hayes that won this distinction. He joined the Cleveland post just before it reached the reviewing stand, saluted as he passed the commander-in-chief and marched several blocks with the Buckeye lads before he retraced his steps to the grand stand.

G. A. R. VETS IN BAROUCHE

Prior to the parade there was an interesting scene at the national department headquarters where ex-President Hayes, in behalf of a committee of the order, in a graceful and eulogistic speech presented the retiring commander-in-chief with a diamond-studded Grand Army badge, upon which a round \$1,000 had been expended. Colonel Veazey made a brief reply.

Tuesday Night's Receptions. Last night the comrades flocked out to the rink and participated in a reception to the veterans. Ex-Governor Alger was master of ceremonies. Mayor Pingree, in a well chosen address, welcomed the veterans to the metropolis of

the Wolverine state, and the commander-in-chief made a brief response. Brief addresses breathing a spirit of good will to the veterans were made by ex-President Hayes, Secretary Proctor, Governors Hovey and Page, General Butterfield and General Fairchild.

Meanwhile, another great crowd had gathered at Camp Sherman, in the exposition building, and thither the same speakers were hurried and the program repeated.

At midnight the streets were just as crowded as they were at midday, but the sleeping accommodations of the city were ample and nobody was compelled to seek a lodgment in the open air.

The Next Encampment.

It is pretty well conceded that Washington will get the next encampment. The western posts have made a gallant fight, and the Lincoln delegation especially have spent money like water. After the parade yesterday scores of carriages with canvas inscriptions "Lincoln '92," were flying over the city to the various post headquarters, and the delegates from the east were labored with long and earnestly. The Washington crowd, however, had got in their work, and the western men have about given up the fight. Ex-Postmaster General Frank Hutton was the leader of the Washington boomers.

Weissert for Commander-in-Chief.

A. G. Weissert, of Wisconsin, is still in the lead for commander-in-chief, although a combination against him is probable. The chief argument against him is that both Wisconsin and Minnesota have made the office in the last decade.

The Encampment Opened.

Promptly this morning at 10:30 the twenty-fifth annual session of the national encampment of the Grand Army was formally opened in Beeching's hall. Probably the most important matter that will come up for consideration is the trouble over the colored issue in Louisiana. The white comrades from New Orleans are determined to force a vote on the question whether or not they shall be compelled to have posts of mixed colors or whether the colored man and brother in whose behalf they fought shall not be compelled to get into posts by themselves. If the encampment lays down the law of "no colored line" the white comrades threaten to break up the department.

Woman's Relief Corps.

The nineteenth annual convention of the Woman's Relief corps was called to order this forenoon at 10:30 o'clock at the Church of Our Father. There is a large attendance.

STREET FULL OF BULLETS.

Sensational Shooting Affray at Charleston, South Carolina.

CHARLESTON, Aug. 5.—Chester, S. C., is in a state of great excitement over a duel which took place on one of the principal streets last night between E. B. Sligh, a prominent lawyer, and Robert Jaggers, editor of Public Opinion. Sligh met Jaggers in front of The Public Opinion office, and, drawing a pistol, covered him and administered a cowardly blow. Jaggers retreated into his office, and returned in a moment with a pistol and opened fire on Sligh, who returned the fire.

Chief of Police Marshall rushed up to separate the combatants, and thinking Jaggers was firing on him, opened fire, too. For two or three minutes the street was full of bullets. Sligh was shot in the face and neck and is in a most dangerous condition. Jaggers was unhurt, although both Sligh and the chief of police emptied their pistols at him. The trouble grew out of an attack upon Sligh in Jaggers' paper. Jaggers has the reputation of being somewhat of the George Francis Train type. Sligh is a fighter and has been engaged as principal in several duels.

TOOK A FRIENDLY DRINK

With Men on a Train and Died in Consequence.

NORWOOD, Mass., Aug. 5.—Edward Hayes is dead and J. Brown is in a critical condition from the effects of poisoned liquor given them on a railway train Monday. They were returning home from Boston and joined two strangers in a game of whist in the smoking car. During the play one of the strangers produced a pint bottle and passed it around. Hayes and Brown drank, but the stranger did not. When Brown left the train at Norwood Central station he fell beside the track insensible. He was taken home. His recovery is doubtful.

Hayes went on to Winslow station, two miles further, and got off the train with much difficulty. Half stupefied and evidently in great pain, he walked to a field near by and lay down on his face, where a friend a few minutes later tried to arouse him, but found him dead. The motive for the poisoning is a mystery.

Wealthy Iron Founder Suicides.

MONTREAL, Aug. 5.—E. H. Schwabe, a wealthy iron founder of Manchester, England, committed suicide yesterday in his room at the Windsor hotel by shooting himself through the head. On Sunday last Schwabe arrived here accompanied by E. M. Brockbank, also of Manchester. Schwabe appeared to be in a very despondent condition, and it was learned that he lost his wife about a year ago, and since then had been in very low spirits. He was making a tour around the world. He was alone at the time of the shooting, and it was done so quietly that few of the guests heard the report of the weapon.

Hamilton Fish's Birthday.

NEW YORK, Aug. 5.—The Hon. Hamilton Fish, one of three surviving secretaries of the state of the United States, and one of the surviving governors of the state of New York and one of the serving senators from this state, celebrated the eighty-third anniversary of his birth at Glencliff, near Garrison's, Monday. Mr. Fish is enjoying particularly good health; his memory is clear, his appetite is good, and he has not lost his zeal in matters of public interests.

CHILI'S WAR SHIPS.

Large Sums Offered for Their Destruction.

IT IS SO REPORTED IN LONDON.

The Money to Come From Interested Europeans Not Only in England but in France and Portugal—Other News Received Over the Atlantic Cables.

LONDON, Aug. 5.—The secretary of the Chilean legation is authority for the statement that large sums of money have been contributed by interested Europeans to detain, and if possible, to destroy the new Chilean ships of war. The opposition shown to permitting the ironclads to obtain crews is known, the secretary says, to have been inspired from London.

But a few weeks ago a collection was taken up among the leading firms friendly to their insurgents, ostensibly for use in providing for sick and injured foreigners in Chili, but really the object being to purchase the favor of those who might be in a position to assist the insurgents and damage Balmaceda.

In Lisbon the money plan was more influential than in Paris. The Portuguese officials were hungry for bribes, and accepted with voracity the sums offered by the Congressionalists. When one of the new Chilean ironclads appeared in the harbor of Lisbon, the Portuguese officials tried to earn the bribes they had received, by refusing to permit the vessel to obtain recruits either as sailors or marines.

The Errazuz managed, however, to get recruits and is now safely on its way to America. The Chilean legations, both in London and Paris, are highly indignant over the treatment that Balmaceda has received in this matter at the hands of European governments and they predict that when the war is over the Balmaceda party will have a reckoning.

An Antipodean Bank Suspends.

LONDON, Aug. 5.—A dispatch from Hobartown, Tasmania, states that the bank of Van Dieman's Land has suspended. It's paid up capital is \$1,250,000, and its reserve capital amounts to an equal sum. The bank was established in 1828.

Revolutionists Arrested.

MADRID, Aug. 5.—Six arrests have been made at Barbers and three at Barcelona in connection with the revolutionary attempt on the Barcelona barracks. It is said that twenty conspirators met in a cafe on Saturday, and concerted the details of the outbreak.

No Rioting in Foochow, China.

LONDON, Aug. 5.—The British consul of Foochow telegraphs to the foreign office that there is no truth in the report that riots are imminent there. He says the Europeans in Foochow are adequately protected by the Chinese officials and foreign gunboats.

Four Persons Drowned.

LONDON, Aug. 5.—News has just been received of a collision between the Concordia and a Hamburg pleasure boat. Four persons were drowned.

CHARGED WITH MURDER.

A Wife's Mysterious Death Causes the Arrest of the Husband.

DAYTON, O., Aug. 5.—Henry Guenther, a prosperous gardener, was arrested last night, charged with the murder of his wife. Mrs. Guenther died recently under suspicious circumstances. Charges that Guenther had poisoned his wife were freely made. The coroner ordered the remains disinterred and a chemical analysis of the contents of the stomach. This disclosed strong traces of arsenic. Hence the arrest.

The dead woman, whose maiden name was Sofi Winkler, was Guenther's third wife. She had been raised in his family. After his second wife's death she bore him two children. Last winter she sued him for seduction and breach of promise. A jury awarded her \$5,000 damages. To avoid paying this Guenther married her. She suspected him of designs on her life and a man has made affidavit that Guenther offered him \$1,000 to kill her.

EX-CONGRESSMAN DYING.

W. L. Scott, of Pennsylvania, Reported as a Very Sick Man.

EMER, Aug. 5.—Ex-Congressman W. L. Scott lies very sick at his residence in this city. His physicians are very reticent, but there can be little doubt but that Mr. Scott is suffering from his stomach trouble. Two weeks ago, on the recommendation of his physician, he went to Cambridge mineral springs, but the water, instead of benefiting him aggravated his sickness, and he returned home to take to his bed, from which he has scarcely risen since.

The members of Mr. Scott's family are all here, and though but little is given to the public regarding Mr. Scott's condition, they cannot disguise their anxious concern, nor the conviction that he is a very sick man.

Searching for a Snake.

WILKINSON, Ind., Aug. 5.—The largest snake ever reported to have been seen in Hancock county, attacked George W. Reeves while he was plowing, and Mr. Reeves reports that his body looked as large as an ordinary stove pipe and that he was twenty feet in length. Robert Enright, Sr., on last Sunday evening, was confronted by the same snake. Both gentlemen are reliable farmers. Yesterday a posse of men began searching for the reptile in the thicket near this place.

NEW YORK, Aug. 5.—Henry Bartel, aged 24, a bartender, was killed by a shock of electricity last night while attempting to turn off an electric light.

OF INTEREST TO WOOL GROWERS.

An Important Treasury Department Decision Reversed.

NEW YORK, Aug. 5.—The board of general appraisers rendered an important decision on wool yesterday. In March last, at the instance of Ohio wool growers, the treasury department ordered imported wool that had been separated as to color as to be classified as "sorted," which brought it under the "wool sorting" clause of paragraph 583, Section K, of the new tariff, and subjected it to "twice the duty to which it would otherwise be subjected." The New England carpet manufacturers protested against such classification, and hearing was recently granted by the board, at which both sides were represented by counsel.

The board reversed the action of the treasury department and declared that while the sorting clause referred to applies to all grades of wool sorting, as commercially defined means that process preliminary to wool manufacture necessary to fit the article for textile purposes, which consists in classifying by separation, the fibres of the fleece clipped from the sheep's body "according to fineness, elasticity and soundness of staple." The board held that separating the colors did not constitute such sorting.

STUPID ENGINEER.

He Causes a Collision on the New York and New Haven Railroad.

NEW HAVEN, Aug. 5.—A collision occurred yesterday between a passenger train and a switch train a short distance this side of the West Haven station on the New York and New Haven railroad. The express was several minutes late and passed the station at a high rate of speed. The switch train was in the act of crossing the track of the main line when the engine of the express struck the rear car, which was filled with cement.

The derailed cars were thrown alongside of the main track and they grated heavily against the side of the express. The windows of the passenger cars were smashed in, and in one case the entire side of one of the passenger coaches was torn out. A number of passengers were cut by the broken glass, but beyond this no one was injured. General Manager Tuttle said the accident was due to an unaccountable piece of stupidity on the part of the engineer of the switch engine. He was well aware that the express was due and yet ran his train across the main track. Traffic was delayed two hours. The loss by the collision is placed at \$25,000.

ANOTHER BASE BALL DEAL.

Milwaukee to Buy Out the Louisville American Association Franchise.

ST. LOUIS, Aug. 5.—Secretary Clark, of the Milwaukee base ball club, accompanied by two directors of that organization, met three directors of the Louisville club here yesterday. It has leaked out that the Milwaukee officials came to dicker with the Louisville people for their franchise in the American Association. They offered the Louisville club what they considered a reasonable figure to retire, and notified President Von der Ahe and the Boston officials of their readiness to step into the Louisville shoes at a moments notice when the latter dropped out.

The Louisville club will give a decided answer to the proposition after the meeting of its stockholders next Thursday. A prominent official in the Association, and who is on the inside, said yesterday that Louisville would be out and Milwaukee in the Association within ten days.

Investigating a Mine Horror.

CONNELLSVILLE, Pa., Aug. 5.—Mine Inspector Duncan and Coroner Holbert are exploring Rainey's Grace mines. Last February, at the beginning of the great coke strike, this mine was set on fire, and three Poles, who were repairing the tracks, lost their lives in the mine. Their decomposed bodies were found last evening. Three of the strikers are suspected of having first killed the Poles and then setting fire to the mine to conceal their crime. The company is proceeding under this supposition, and sensational developments are promised at the coroner's inquest.

Ballet Girls Not Artists.

NEW YORK, Aug. 5.—A committee from the Musical Protective union called upon General O'Beirne, of the immigration bureau, yesterday, and notified him that Walter Damrosch was bringing a party of ballet dancers across on the steamer Majestic, who, the committee said, were not artists, and their coming is in violation of the contract labor law. Mr. O'Beirne will make an investigation when the girls land.

Crops Damaged by Hail.

MINNEAPOLIS, Aug. 5.—Specials received from North Dakota, and Minnesota report much damage done to growing crops by hail storms. The wheat crop in portions of Minnesota is entirely destroyed. Near Devil's lake, N. D., in one place there are 2,000 acres of wheat ruined, and the grain belonging to the Jewish settlement near that place is an entire loss.

Farmer Falls Dead.

TIPTON, Ind., Aug. 5.—William C. Pape, residing three and one-half miles distant from this city, while working in his barnlot yesterday afternoon fell dead. He was aged seventy-three, and was one of the oldest pioneers of Tipton county. Seemingly he always enjoyed the best of health, and the death is a mystery to his family and friends.

Old Homestead Burned.

MADISON, Ind., Aug. 5.—The old Shannon homestead, near Hanover, familiar to all students at Hanover college, burned yesterday. It was occupied by George Wilkes, and the loss is partially covered by insurance.

EVENING BULLETIN.

DAILY, EXCEPT SUNDAY.

ROSSER & MCCARTHY,
Proprietors.

WEDNESDAY, AUGUST 5, 1891.

THE People's party was not in it much in the election Monday, but the party of the people—the Democratic party—was. And the latter came out winner, as usual.

REPRESENTATIVE MYERS, of Covington, is letting no grass grow under his feet. It is announced that he will at once commence his canvass for Speaker of the House of the next General Assembly.

MAJOR WOOD expressed confidence, up to the close of the polls almost, that he would be elected. He lacked about 30,000 votes of winning and he must be a sorely disappointed politician. It will be a cold day when the Republicans carry Kentucky.

MATHEWS, Democrat, carried Robertson County Monday, for Representative, by only 10 majority over F. M. Young, Republican. The BULLETIN had it 110 yesterday. The majority for the Democratic State ticket in Robertson is 140. The Democrats usually carry the county by 300.

THE Louisville Commercial remarks that "the Republicans are entitled to credit" for the adoption of the new Constitution. Bah! The sentiment in favor of the new organic law was overwhelming from the very start. The Republicans recognized this, and were shrewd enough to place themselves on the popular side.

THE Postoffice Department seems determined to do all in its power to crush out the lottery evil, and for this it will be highly commended by all good people. About two weeks ago a lot of circulars were sent out containing the opinion of a lawyer regarding the constitutionality of the act recently passed prohibiting the mails from transporting letters addressed to the Louisiana State Lottery Company and the newspapers from publishing advertisements of the same. A few days afterward there appeared in several papers a publication of the contents of the circular, and now the report is that all these papers are to be prosecuted for the publication of the advertisement, because that's about what the circular amounted to, an advertisement of the Louisiana lottery.

It turns out that "The Home Fascinator," whose swindling scheme was exposed in our columns last week, numbers its victims by the score. In one town out in Missouri six women received notice that they had each won "an elegant gold-lined silver tea-set," and each forwarded \$4.90 to pay for packing and shipping the prize.

Our dispatches yesterday show that the Government has taken steps at last to put a stop to the swindle in this country. The Postoffice Department seemed powerless to avert the consummation of a great wrong carried on through its own mails until it was suggested that all American terminal postoffices designated as exchange postoffices with Canada should be treated as offices of destination and the postmasters there instructed by wire to refuse to certify money orders or forward registered letters payable and directed to the Home Fascinator Company, Montreal, Canada, but to return the same to the office of their origin marked fraudulent. It is expected that many thousands of letters containing money will be restored to the senders, but many thousands of letters, each containing the \$4.90, have ere this reached the frauds.

Thirty Thousand.

Returns from nearly 100 of the 119 counties in this State had been received at last accounts and the Democratic plurality is about 30,000.

The Alliance elect seven or eight members of the Legislature.

The majority for the new Constitution is nearly 100,000. Boone, Lincoln and Estill counties voted against it.

Last of the Season.

Best excursion of the year to the sea shore at Old Point Comfort. The Chesapeake and Ohio Railway Company will run a special train to Old Point Comfort August 18th, leaving Maysville at 9:58 a. m., and running through to Old Point at remarkably low rates, round trip rate from Maysville being \$12.50. Tickets will be good going only on special train, but will be good to return on any regular train, stop over privileges being granted on the return trip. Tourists can avail themselves of the cheap side trips from Old Point Comfort and intermediate junction points to Washington and return via Potomac river steamers and to New York and return by the Old Dominion Steamship Line, to Luray Caverns, Natural Bridge and many other places of interest. Tickets will be good ten days returning.

Pullman sleeping car space can be procured on train, but to make sure, application should be made to C. and O. ticket agents at once.

KENTUCKY CROPS.

Farm Products Reported in Fine Condition by Commissioner of Agriculture.

What Mr. Wilson Says of the Outlook For Corn and Tobacco—Fruits of All Kinds Abundant.

Mr. C. Y. Wilson, State Commissioner of Agriculture, has issued his report for the month of July. He says:

"The season has generally been favorable for corn. In some localities the rainfall has been insufficient, and the crop in such sections has been materially injured. In other localities there has been some complaint of the root louse, especially on high, thin land. Taking all things together, the corn crop is fully up to the standard of average years. The stand is generally good, and all early planting is now in full silk and tassel, and much of the earliest in full roasting ear. One more good rain will make a good crop of the early planting, but it will require a seasonable August to fully develop the later planting. In many localities there has been serious neglect in cultivation. On good land, with proper cultivation, the crop is very promising.

"Wheat—The crop has all been stacked in good condition, and much of it has been threshed and sold. Some of the best counties, taking Christian for example, are not making the yield that was expected, and the quality is not so good as thought to be before threshing, while in other localities the yield is larger than expected, and quality above an average, one farmer reporting, near Bagdad, in Shelby County, an average of forty bushels per acre.

From the best information to date from all sources, the State average will be fourteen bushels to the acre. This average will no doubt be changed to some extent after the crop is all threshed.

"Tobacco—Of late years there has been several hindrances to a useful tobacco crop; one being the tenant system, another the disposition to plant more than could be properly handled, both as to cultivation and house room. There is no crop that requires more painstaking and intelligent handling than tobacco. Its profitable production depends almost entirely upon the cultivation, handling, assorting, ordering and its proper presentation in the market in strictly merchantable shape. The present crop was generally set in good time, with vigorous and stalky plants, the stand being exceptionally good. Yet, the crop is uneven. Some of it is now in full top, and much of it yet in the clouds. Tobacco should be set in a compact soil. Where this was not the case, the roots did not take good hold, and could not assimilate the plant food, and in dry sections the vigor of the plant was destroyed by the soil drying out on account of its loose and porous condition. The crop is fully an average in condition and stand, much of it being especially promising. In the burley section proper, the least favored in ruin and general conditions are the counties of Bath, Montgomery, Clark, Mercer and Jessamine. The least favored in the dark sections are the counties of Caldwell, Crittenden, Livingston and Lyon. There is much complaint also in Hart, Barren, Metcalfe, Warren and Green. The stemming district proper, most of the Clarksville and Paducah districts, appear to have promising prospects. In the burley district, except the counties named, the prospect is fully up to an average.

"Hemp—The outlook is not promising for a large yield of hemp. The reports are conflicting, but all indicate an average condition of 70 per cent. compared with a good season.

"Fruits—The peach crop is exceptionally a good one, the trees all bending under the burden of this most delicious fruit. The apple crop is fully up to the standard of an average. The grape crop is very promising. All of the smaller fruits have been very abundant.

"Potatoes—Irish potatoes are fully up to an average year. The finest specimens of Early Rose I have ever seen were sent to this office from Franklin County. The sweet potato crop is looking well.

"General Summary—Corn, acreage 100, condition 103; wheat, acreage 105, quality last year 110; tobacco, acreage compared with average, 90, condition and stand 100; hemp, condition 70; peaches, compared with last year, 102; apples, amount compared with last year, 149; clover, condition compared with last year, 92; timothy, 85; pastures 89; garden products, 104; Irish potatoes, condition compared with last year, 122; sweet potatoes, condition compared with last year, 110; sorghum, condition compared with last year, 100. An elaborate summary of crops will be given at the close of the crop season."

When Baby was sick, we gave her Castoria.
When she was a Child, she cried for Castoria,
When she became Miss, she clung to Castoria,
When she had Children, she gave them Castoria.

THE ELECTION IN LEWIS.

What the Bulletin's Vanceburg Representative Thinks of It. Other Items.

Correspondence of BULLETIN.
VANCEBURG, Ky., August 4, 1891.

The crowd at Escanopia is still large. Geo. T. Halbert, Jr., of Minneapolis, is home on a visit.

Lee Woodworth, of Quincy, was in the city Tuesday.

B. F. Branham, Alliance, was elected Justice in Quincy precinct.

Ben Henry, Democrat, was elected Constable in Martin's precinct.

Geo. T. Halbert is elected Representative by about 250 majority.

The new Constitution carries Lewis County by about 1,500 majority.

Mrs. Monte, of Virginia, is the guest of her sister, Mrs. Koffendoff.

It is thought the Alliance State ticket polled about 500 votes in this county.

The election was unusually quiet in this county, not a disturbance having been reported yet.

Esquire Fisher, Republican, and B. D. Shumate, Democrat, were elected Justices for this precinct.

Out of a total of 441 cast in Vanceburg precinct only 19 were polled against the new Constitution.

A sixteen-year-old son of Mr. Wilson Moore, of Rome, Ohio, was drowned Saturday last while bathing.

Esquire Irwin, Democrat, and Green Pickrel, Republican, were elected Justices for Martin's precinct.

Misses Stella and Minta Plumer, Jessie Stricklett and Grace Fisher are attending Ruggles' camp meeting.

Esquire Peter Bertram and Elias Hackworth, Alliance, were elected Justices, without opposition, in Valley precinct.

Major Wood's majority is estimated at 400, a falling off of about 175 on the vote cast for Bradley for Governor four years ago.

Lightning struck a livery stable at Beuna Vista Sunday night, belonging to Mr. Kress, and the building was burned. Only one horse was lost.

There has been considerable excitement on the new railroad on Kinney during the past week. The contractors failed to get money to pay a force of two hundred Italians for several days, and the latter secured a rope and would have hanged one of the bosses had he not escaped. The boss made the run from the camp to this place, a distance of twenty miles, in two hours and fifteen minutes on foot. The citizens here were somewhat alarmed, fearing the enraged Italians would make a raid on the city. The trouble has all been settled now.

Of all the political contests ever had in this county, that of yesterday, for a conglomeration of parties, is entitled to the prize. When a party which has a large majority refrain from making a nomination, and the leaders use their best efforts to array the two minority parties against each other, it certainly ought to be evident to one with ordinary understanding that a trick is being played. And when the name of a Democratic nominee is placed upon the Republican tickets, and leading Republican politicians do all they can for said nominee, it ought to be conclusive evidence that there has been a barter or ricker of some kind. A Democratic Representative elected by Republican votes, flatters and a few Democrats who unfortunately were bound by going into a convention, which was set up, and which failed to express the honest sentiment of nine-tenths of the solid Democrats of the county is a strong circumstance which shows the underhand work of this most peculiar campaign. The result of this political maneuver can only be ascertained by future events. Hundreds of the truest Democrats refused to vote. Others, believing that they would be putting a shillalah into Republican hands for Democratic hands by casting a vote for the Democratic nominee, deemed it best to vote for the People's candidate, and did so. Hundreds of true Republicans abhorring a secret dicker refrained from voting for Representative, and some had the courage to vote the People's ticket. Others voted for the Democratic nominee according to instructions. Such is a history of this most remarkable county campaign, and the Republican politicians are elated over the result, beyond expression. They do not conceal the fact that it was one of those characteristic tricks for which this town has become famous.

Letter List.

The following is a list of letters remaining in the postoffice at Maysville, Mason County, Ky., for the week ending Tuesday, August 4, 1891:

Alexander, Miss Lottie
Alley, Miss Hattie
Baldwin, W. T.
Ball, Mrs. Addie
Brown, Miss Annie
Davis, Rachel
Dryden, Mrs. Geo.
Duke, Miss Alice
Easby, August
Ford, Miss Lizzie
Hall, Miss Mattie E. (2)
Jefferson, Edward
Knodler, Gibbons
Lewis, Horace
Lukins, Charles
McColgin, F. P.
Metz, Miss Birdie
McLaughlin, Miss Clara
Penel, M.
Payton, Mrs. Malinda
Pritchard, Wm.

THOS. A. DAVIS, P. M.

Here and There.

Mr. J. H. Pecor has returned from his trip East.

Misses Bettie and Florence Wilson are visiting Miss Glascock, at Mt. Carmel.

Master James Threlkeld, Jr., of Covington, is visiting his uncle, Mr. James Threlkeld.

Miss Jennie Taylor, of Falmouth arrives to-day on a visit to Miss Lena Means and other friends.

Now Try This.

It will cost you nothing and will surely do you good, if you have a cough, cold, or any trouble with throat, chest or lungs. Dr. King's New Discovery for consumption, coughs, and colds is guaranteed to give relief or money will be paid back. Sufferers from the gripe found it just the thing and under its use had a speedy and perfect recovery. Try a sample bottle at our expense and learn for yourself just how good a thing it is. Trial bottle free at J. James Wood's drug store. Large size 50 cents and \$1.00.

OUR NEIGHBORS.

GERMANTOWN.

Rev. C. W. Humphrey preached his closing sermon on Sunday evening. With part of his family he will leave in a few days to attend a family reunion in Nelson County, and will not return until after conference in September.

We had a lively contest over our town election between the old and new men. With one exception the old board were badly left. The following constitute the trustees for the ensuing year: George Bishop, Charles Gallagher, James Dimmitt, A. P. Youngman and W. O. Dimmitt.

Election on Monday passed off with comparative quiet. The only excitement was caused by the triple race for Senator in Bracken. The polls at the close here stood: Danm, (R.) 92; Bradford, (D.) 87; Weldon, (D.) 29. If this district is represented by a Republican, Bracken County Democrats are to blame for it. The party in our county needs a few level heads at the helm or she will land in the bosom of the Republican party. People are tired of disensions caused by the ambition of a few office-seekers. There were very few votes against the new Constitution. The writer had the privilege of hearing the gifted Thomas F. Marshall make two grand and eloquent speeches against the present Constitution at three successive evenings to crowded houses for three hours each time, and they were such speeches as he only could make. He depicted in glowing terms the State's financial and political ruin, but the Constitution was adopted and the State still lives.

LEWISBURG.

Miss Mae Marshall is visiting friends at Danville.

Miss Clara Keys, of Mt. Olivet, is visiting her cousin, Miss Alice Gabby.

Misses Daise and Bettie Hubbard, of Maysville, are visiting Miss Addie Lee.

Miss Bettie Marshall Carpenter is visiting her grandparents at Poplar Plains.

We had a nice rain Sunday and Monday night. It will help the corn and tobacco.

Miss Bettie McLean is visiting her brother, Mr. Thos. McLean, at Cincinnati.

Rev. J. W. Loving returned Friday afternoon, after a pleasant visit to his old home in Virginia.

Miss Alice Alexander, of Maysville, has returned home, after a pleasant visit to her cousin, Miss Lena Alexander.

Miss Endora R. Hall, of Covington, and Miss Eva Wells, of Helena, have returned home, after a visit to Miss Marie A. Strode.

Miss Marie A. Strode entertained a few of her friends at tea Sunday afternoon in honor of Miss Endora R. Hall, of Covington. They had a very interesting game of croquet and all had a delightful time. Those present were Misses Endora R. Hall, Loretta, Nellie Cahill, Mattie R. Strode, Misses Lena and Sallie Alexander and Misses Raukins, of Augusta; Messrs. Holton Key, James Alexander, John Power and Gaar Strode.

MAYSVILLE.

We had a light rain Monday morning. We need more.

Judge C. G. Worthington and others left Tuesday morning for Kinney.

The election passed off very quietly, but at night it was a little lively.

Prof. Ringer, of Georgetown Female College, is stopping at the Landon Hotel.

J. A. Jackson still has a few more fruit cans, jelly glasses, stone jars, &c., on hand.

Dr. W. H. Lawwill, of Danville, was registered at the Stonewall House last Monday night.

Elder F. M. Tindler is now assisting in a protracted meeting at East Union, Nicholas County.

Mr. and Mrs. J. W. Burrow and baby, of Cincinnati, are here visiting her step-mother, Mrs. Rebecca Clary.

All the hands that have been working on the Christian Church went home last Friday to vote for the new Constitution.

A negro by the name of Wat Middleton was shot Monday night in Bucktown by Wm. Clarke. Have not learned particulars.

Joseph H. Brown has been offered an advance of \$300 on his property he recently bought of Thos. Laid. Property is on a boom in this place.

The last brick was placed in the new Christian Church Wednesday morning, last week, and the bricklayers left on the same day for Georgetown.

A Card of Thanks.

The Ladies' Aid Society of the Central Presbyterian Church would return their heartfelt thanks to those ladies and gentlemen who so kindly gave us such a beautiful concert; a grand success both musically and financially. In an especial manner would they return thanks to Rev. Geo. P. Hays, D. D., and Master Geo. L. Conkey, both of Kansas City, visitors in our city, for the kindly and valuable aid given to make our concert a success. Also to the press and to other friends for kindly assistance.

LADIES' AID SOCIETY.

THE MARKETS.

Cincinnati Live Stock Market.

(Tuesday.)

HOGS—Common, \$4.00@4.45; fair to good light, \$4.50@5.25; packing, \$4.75@5.50; selected butchers', \$5.00@6.00. Market strong.

CATTLE—Common, \$2.00@3.00; fair to medium, \$3.00@4.15; good to choice, \$4.25@4.50; fair to good shipping, \$4.00@5.00. Market quiet and steady.

VEAL CALVES—Common and large, \$1.00@5.25; fair to good light, \$3.25@4.00. Market steady.

SHEEP—Common to fair, \$3.00@3.75; good to choice, \$4.00@5.00; extra, \$5.25. Market steady.

Wool, \$2.00@2.50; fair, \$2.50@3.00; heavy shippers, \$3.25@6.00. Market dull and weak.

Louisville Tobacco Market.

Furnished by Glover & Durrott, proprietors.

Louisville Tobacco Warehouse.

Sales on our market for the week just closed amount to 3,386 hds., with receipts for the same period of 2,408 hds. Sales on our market since January 1st amount to 96,158 hds. Sales of the crop of 1890 from our market up to this date amount to 65,804 hds.

The market for burley tobacco has been somewhat fluctuating during the week, but in the main prices have been stronger. The very common grades have shown more activity throughout the entire week. The chief characteristic of the offerings has been the faked condition of a very large percent of the offerings.

The following quotations fairly represent our market for new burley tobacco:

Trash (dark) or damaged tobacco.....\$ 2 00@3 50
Colony trash.....4 00@8 00
Common lugs, not colony.....3 50@5 50
Colony lugs.....6 50@12 00
Common leaf.....5 00@8 00
Medium to good leaf.....8 50@14 00
Good to fine fillers.....14 00@22 00
Select wrappery tobacco.....22 00@33 00

THE heirs of Davis Hutchcraft, of Paris, have been paid \$6,000 by the Standard Life and Accident Company, the amount of a policy he held in the company when he was murdered or drowned at Chicago.

FOR SALE—Valuable town property consisting of one house of eight rooms and nine town lots. Fruit of all kinds, the sale of which alone will amount to over \$300. For terms, apply to Lawrence Schlitz, Aberdeen, O. ald6t

AN advertisement is but an introduction. The goods once brought to notice must take care of themselves. Just in the same manner a social introduction is valuable, but not conclusive if the individual turns out to be worthless.—Printers' Ink.

BROWN MARK, a trotting horse owned by B. L. Ozias, of Columbia, Tenn., while working on the race course at Portsmouth yesterday morning, collided with another horse and ran away with the sulky, smashing it. The shaft pierced the animal behind the foreleg through the breast, utterly ruining him. He was valued at \$10,000.

THE Louisville Courier-Journal announces that Captain W. B. Russell, a citizen of Maysville before the war, died at St. Louis Monday morning at the age of sixty-four years. He went from this city to Louisville, where he was engaged in the produce and commission business. He was also, during the war, a Captain and owner of steamboats, and ran on the river until just before the war ended. He was also a steamboat agent for a while, but after the war went to St. Louis, and was agent there for many years for the St. Louis and New Orleans Anchor Line steamers. A few years ago he left the Anchor Line, and took the position of General Freight Agent of the Georgia Pacific Railroad, which position he held until his death.

GET YOU READY

To Attend the Blue Ribbon Fair of Kentucky—Five Days' Meeting.

Something About the Elegant New Grandstand and the New Floral Hall.

The finishing touches are being given to the new grand stand and the new art hall at the Maysville fair grounds and everything will soon be in shape for the approaching blue ribbon fair and summer trotting meeting.

A force of hands will be placed at work this week cleaning up the rubbish and leveling up the ground about the new buildings.

The new grand stand is 250 feet long, and its seating capacity is amply large enough to accommodate with ease the big crowds that the fair and races always attract. It is situated farther west than the old one, the main entrance being directly opposite the drive from the pike where it crosses the railroad. It is also farther away from the track than the old one, there being a wide promenade between the track and the lower walk. Half the seats are arranged with back rests, and are, of course, much more comfortable, an improvement that will be appreciated by the fair-goers.

Neat quarters for the band are arranged just over the main entrance. An artistic little judges' stand and secretary and treasurer's office is right in front of the grand stand and only a few steps from the walk. Underneath are arranged the booths, dining hall and refreshment stands. The ladies' reception rooms are at the east end of the building. Back of the dining hall is a large room which will be fitted up for people who wish to bring their dinner with them.

About fifty yards east of the grand stand is the new art hall. This has two floors and has ample room for a big display in all departments. The farmers are urged to bring in samples of grain, vegetables and other products and make the display in this respect the largest and best ever on the grounds. The merchants are also urged to make displays of their goods and wares, and the ladies are asked to make the display in the art department the most attractive ever on the grounds. There is ample room for all.

The view from the grand stand is a fine one, all parts of the track being visible.

Nothing is being left undone to make the fair and races the best ever held on the grounds.

WILL HAVE TO WAIT.

Doubtful Whether Maysville Will Get the Free Delivery Service This Year.

A Washington special to the Louisville Times says it is not at all probable that Henderson and Maysville will have their application for free delivery granted by the Postoffice Department this year. One hundred cities have thus far filed applications for the establishment of free delivery and the appropriation for free delivery service is not sufficient to give it this year to more than one-fourth of the cities that have made application.

Henderson and Maysville are forty-fourth in the "doubtful list," as Superintendent Pollock, of the Free Delivery system of the Postoffice Department, said to the Times correspondent Monday morning. The doubtful list is made up of the cities whose population do not exceed 8,000 and whose postoffice receipts for the last year are a little over \$10,000.

The officials at Washington seemed to think that Henderson and Maysville will have to wait until Congress makes another appropriation for the free delivery service.

CORONER COCKERILL.

"Uncle Mag." Is Dead—He Passed Peacefully Away Early This Morning.

Coroner Cockerill died this morning about eight o'clock at his home on Fifth street.

He had been in failing health for a long time and for several months he had not been able to leave his room. Yesterday afternoon there was a marked change for the worse. The infirmities of old age had so weakened the body, that he never rallied. He lingered, however, until this morning when he calmly and peacefully breathed his last at the hour named.

Magnus T. Cockerill was a native of Virginia. He was born September 30, 1808, in the neighborhood of Manassas. Most of his long life, however, was spent in Maysville. At the time of his death he was Coroner of Mason County, an office he had held twenty or thirty years. Five children—two sons and three daughters—survive him.

The funeral will take place Friday at 2 p. m. at the residence. The services will be conducted by Rev. C. S. Lucas.

AT A FESTIVAL

Wat Middleton, of Mayslick, Receives a Probably Fatal Wound.

Wat Middleton, colored, was shot and probably fatally wounded at Mayslick Monday night.

He was at a negro festival, when it seems a free-for-all fight was started. In the melee, Middleton was shot, the ball entering the right side between the third and fourth ribs and passing through the lung.

It is charged that a negro named Wm. Clark did the shooting, but he denies it. No arrests had been made yesterday afternoon.

The wounded man was taken to his home in the country south of Mayslick during the night, and was reported in a critical condition yesterday.

Sheriff Jefferson was seen this morning and says Middleton was only slightly wounded. The ball glanced and entered the shoulder.

River News.

The Stanley and Big Sandy are tonight's packets for points above here. They are due up at midnight. Due down: Chancellor and Keystone State this evening and Bostona to-night.

An exchange speaking of the Mississippi river says: "It is one of nature's most valuable gifts to the country, and, with its tributaries, is worth, it is estimated over \$2,000,000,000. It deserves care and protection commensurate with its value. The Government has expended on it in 100 years something over \$51,000,000, which is, per year, about one-fourth of 1 per cent. of its value. During this time there have been overflows and cut-offs, largely the results of improper care, causing damage aggregating several times the expenditure for repairs. It is an eccentric stream, and so difficult at best to control that it must, if held in safe subjection at all, be dealt with in large ways. It is asserted that it has changed so often in its course that nearly the whole of the 1,300 miles which LaSalle floated over is now solid dry ground. Its eccentricities in the way of cutoffs, which have changed State boundaries, and in one instance changed the town of Delta from three miles below Vicksburg to two miles above it, are such as to constantly menace adjacent interests and to demand from the Government the same measure of protection that would readily be given to endangered points along our coasts."

Live Stock and the Turf.

Jailer R. C. Kirk shipped 331 lambs to Cincinnati yesterday. He had a drove of 336, but five of them strayed off or were stolen from the stock yards on Limestone street Monday night.

The receipts of 19,997 cattle at Chicago, July 13, were the largest of the year, with the exception of January 12th, when 24,036 were received—the largest receipts on record. The shipments of 5,873 on July 13th were the largest since March 19th, of 5,979.

Dr. Sparks has already trotted thirty-one heats in 2:30 in public races. Allerton, at the close of his four-year-old form, had thirty-four, the best record in that respect to date. Dr. Sparks has the remainder of the season in which to equal or surpass Allerton's number of heats.

The export trade in sheep from the United States has never grown to very large proportions, nor is there prospect of its material enlargement. In the eleven months ending May 31st, we sent out 45,599 head, at an average value of \$3.23 per head, against 63,478 head in the same part of the preceding year, at \$3.63 per head. The quantities of mutton exported in the two periods were respectively 198,613 pounds and 247,061 pounds.

Misses Florence and Mattie Tolle, of East Second street, left Tuesday for Stone Lick to attend the Baptist Association.

Too LITTLE advertising is like sowing too little seed. A farmer in planting corn puts a number of grains into each hill, and is satisfied if one good, healthy stalk comes from each planting. It's the constant advertiser that is bound to attract attention. It's the succession of bright, catchy advertisements that refuse to be ignored. That the proper time must be allowed for the fruit to grow, ripen and be gathered, is as true as that wheat cannot be reaped the day after it is sown.—Exchange.

DR. SARAH DUDLEY's lecture yesterday afternoon was well attended by a large and intelligent audience of the ladies of Maysville and vicinity. The discourse was very instructive and entertaining, illustrated with physiological and anatomical plates, bearing on the subject. The doctor is a fluent speaker, having a thorough comprehension of her specialty and the reform system of which she is the pioneer advocate in Kentucky. She intends organizing the State in relation to her work, making her home after a lapse of time in Louisville. Notice her advertisement in another column.

BROWNING & CO.,
EAST SECOND STREET.

RUGGLES' CAMP MEETING.

The time for holding the meeting on these well improved and beautiful grounds will be from July 30 to August 10. Eminent clergymen will be present—men of learning and popular talent. Among them will be the Rev. Dr. Hartwell of New York, of the Southern Educational Society, and Rev. Dr. Robinson, D. D., of Union Church, Covington. All other ministers of the district are expected to be present. The Children's Chapel will be in charge of Rev. J. S. Young, of Nicholasville. Professor W. G. Bloom and L. G. Strode will have charge of the music, assisted by a splendid choir. The privileges have all been rented to responsible persons—hotel and stables to Geo. W. Dale; confectionery to Plummer & Cadwallader; baggage and barber shop to John Teager. Omnibuses connecting with boats and trains under control of Pollett & Barbour; fare, 50 cents. Admission, 10 cents. Anyone too poor will be admitted free. Rev. Amos Boring, Presiding Elder, will have charge of the meeting. Captain Hedlin and W. B. Dawson, of Maysville, will see that good order is maintained. Anyone desiring rooms or cottages write I. M. LANE, Maysville, Ky.

L. H. WILLIAMS, Secretary. 1tw4t

A MATTER OF MONEY.

The Amount in Circulation in the United States.

THE TREASURY STATEMENT.

The Assertions That There Has Been a Great Reduction Shown to Be Without Foundation—Other Dispatches from the National Capital.

WASHINGTON, Aug. 5.—Statements have been prepared at the treasury department showing the amounts of money in circulation on the first day of July of the years 1860, 1865, 1885, 1886 and 1891, from which it is apparent that the assertions so often repeated of late, that there has been since the war a great reduction of the amount of money in circulation, are entirely without foundation.

All the statements furnished are made upon precisely the same basis. The amount of each kind of money in the country is first stated, from that is deducted the amount in the treasury, and the remainder is given as the amount in circulation. There is nothing omitted from the statement which should appear there except minor coins, nickels and pennies, and they are left out of all the reports because of the difficulty in estimating the amount of them in use. As the amount at the present time is certainly greater than in the earlier years, their omission will not be unfavorably criticised by those who contend that there is now a scarcity of money.

To state all the facts in a few words, the amount of money in circulation in 1860 was about \$435,000,000, and the amount per capita was \$13.85. In 1865 there were \$725,000,000 in circulation and the per capita amount was \$20.62. Twenty years later the circulation was over \$1,522,000,000 and the per capita was \$25.02, while on the 1st of January last the amount was nearly \$1,529,000,000 with \$24.10 as the per capita allowance, the highest in the history of the United States.

Owing to shipments of gold to foreign countries there has been a decline since Jan. 1, 1891, not only in the per capita amount, but in the total also; but the total circulation on the first instant, notwithstanding the outflow of gold, was about \$1,500,000,000 and the amount per capita was \$24.37.

NEW MORMON CONVERTS

Will Not Practice Polygamy Although They Believe It Is Right.

WASHINGTON, Aug. 5.—Dispatches from the United States immigration commission, now in Europe, to the treasury department, state that the chairman, Colonel Weber, and Dr. Kempster have gone to Russia by way of Germany, where they are now prosecuting their inquiries.

Commissioners Cross, Powderly and Shulties will carry on their inquiries in Great Britain and the southern portion of the continent. The dispatches indicate that a large amount of valuable information is being collected, no obstacles being interposed, officially or otherwise, to the investigations which are being made.

In an interview between the commissioners and the Mormon elder in charge of Mormon emigration at Liverpool, that official, who is acting in the place of Brigham Young, Jr., stated that, while he and all Mormons believed polygamy to be right, yet as the United States supreme court had decided the anti-polygamy law to be constitutional, the Mormon church had adopted a rule against its practice in the United States, and that all Mormon converts abroad are so informed before their embarkation for America.

He further stated that whenever the question was asked converts were assured of the rightfulness of polygamy, but of the legal impossibility of its being practiced at present in the United States or Great Britain; also, that they must not go to America if they don't intend to obey the law and abstain from polygamous marriages.

Foster Had Nothing to Do With It. WASHINGTON, Aug. 5.—Secretary Foster said yesterday that he had nothing to do with the discharge of G. A. R. men of the New York custom house. He had directed Collector Ehrhardt to reduce expenses \$56,000, and the collector forwarded to him the names of a number of employees recommending, in order that the reduction could be made, their discharge. He approved the list of names submitted. There was nothing to show that they were G. A. R. men, civilians, white or colored.

Naval Changes. WASHINGTON, Aug. 5.—Commander E. M. Shepard has been detached from the New York navy yard and ordered to duty as lighthouse inspector of the Fourteenth district. Commander Shepard takes the place of Commander McGregor, who died at Cincinnati last week.

Conscience Contribution. WASHINGTON, Aug. 5.—A conscience contribution of \$4 from an unknown resident of Scottsdale, Pa., was received at the treasury department yesterday. The sender said he owed this amount on one package of oleomargarine on which he failed to pay the tax.

Paying Pensions. WASHINGTON, Aug. 5.—The treasury surplus has decreased from \$55,763,715 on July 31 to \$48,277,443, caused principally by \$7,500,000 being paid out for pensions.

Bridal Tour Ended. WASHINGTON, Aug. 5.—General Schofield returned to Washington yesterday after an absence of two months, spent on his bridal tour.

Mail Robber Arrested. CHICAGO, Aug. 5.—Carrier Henry E. Barlow, after robbing the mails for over a year, during which time his stealings must have amounted to several thousand dollars, was arrested yesterday by Captain Stuart. Captain Stuart has been working on the case for the past eight months and the arrest is the most important one made by the postoffice department for a long time.

BLOODY BATTLE.

Fourteen Men Killed and Two Others Missing.

LAKE CHARLES, La., Aug. 5.—About twenty miles northwest of Lake Charles is a logging camp owned by Locke, Moore & Company, mill men, and they have a tram railway about twenty miles long, running from Tidewater, on the Calcasieu river, out into the pinery, the outer end of which is near Beckwith creek.

Along Beckwith creek there are some citizens who, it is said, have Indian blood in them, and they are called "Red Bones." The men who are employed on this loggery and the "Red Bones" from some cause hated each other, and several times fights have occurred, but nothing serious until last Sunday.

It is told here, and is perhaps as near correct as we can get, that on Friday the "Red Bones" ordered one Morris, on the tram road, to leave.

On Sunday, about 10 o'clock a. m., some of the tram road boys went to a whisky shop about two miles from the road. There they met several "Red Bones," and Jesse Ward, of the tram road, shot and killed Dyson, a "Red Bone."

Ward then was killed by the "Red Bones," and firing became general. Marion Markle and Lee Perkin, of the "Red Bones," were killed, and Willets, Dupree and Lecombe were wounded.

In the afternoon more men from the tram came out and the fight was renewed. This time Swan, of the tram boys, and Owen Ashworth, of the "Red Bones," were killed.

Dr. Meyers and his brother, who had come to attend the wounded, were fired on by the tram boys but were not hurt. Everything now is quiet.

CUTE CHINESE.

Very Smart Scheme Worked to Get Into the United States.

CHICAGO, Aug. 5.—The treasury officials here have discovered what they believe to be a new and clever trick by Chinamen to evade the Chinese exclusion laws. They received information that seven Chinamen were stopped on the northwestern border last Wednesday as they were about to enter this country. They had certificates signed by citizens of Chicago, averring that they were Chicago merchants. The officials also have advices from Montreal that twenty-six of these alleged merchants have left there for this city, each with a certificate. Each certificate bears a photograph of the holder, and these photographs are secured in the certificate by the seal of the United States commissioner here. It is presumed these certificates were obtained here and sent on to China. This could easily be done, as the application for a certificate need not be made by the person intending to return to America.

Special Agent Crowley says it has been discovered that schools have been established in China, where intending emigrants are taught minutely the names of the streets, the location of houses, the furnishing of rooms, etc., in San Francisco and other cities, so that when they arrive here under the guise of returning merchants they can describe perfectly the location and appearance of the alleged quarters they formerly occupied.

DENY THE REPORT.

No Truth in the Brumfield Family Massacre.

CATLETTSBURG, Ky., Aug. 5.—There is not a word of truth in the report sent out from here with respect to the murder of the Brumfield family in Wayne county, W. Va., nor there was no report in circulation here yesterday of any trouble between the sheriff and a posse and Italians in that county.

All that has been published in the Cincinnati and other papers within the past few days concerning the murder of the Brumfield family is utterly false, and originated in an irresponsible individual, whose statements are not entitled to credit even on oath. The people in Wayne county are indignant over the publication of such sensational falsehoods.

Successful Dash for Liberty.

INDIANAPOLIS, Aug. 5.—John Connors, a convict, made a successful dash for liberty at the jail entrance yesterday just after receiving sentence from Judge Cox of two years in the penitentiary. The prisoner was not handcuffed, as it was not suspected that he meditated an escape. Just as the jail door was reached he jerked loose from the officer and ran down Market street, where he disappeared in an alley and all trace of him was lost.

Died in a Bath House.

CAPE MAY, Aug. 5.—Yesterday afternoon George McAllister, a clerk residing at Roxborough, Philadelphia, fell dead just as he was entering the door of his bath house at Cape May point. Both McAllister and his wife were in the surf a short time, when McAllister complained of feeling cold. He left the bath at once, and on reaching the door of the bath house dropped dead. The coroner said his death was caused by heart failure. The deceased is twenty-four years old and recently married.

Two Children Drowned.

LEAMINGTON, Ont., Aug. 5.—Hattie and Lillie Dumas, aged 12 and 2 years respectively, were drowned here yesterday. They were being driven to the wharf when their horses became unmanageable and backed their vehicle into the water.

Old Paper Manufacturer Dead.

DALTON, Mass., Aug. 5.—James Brewer Crane died yesterday. He was in the seventy-fourth year of his age. The first paper mill in Berkshire county was established by his father, Sam Crane. The mill was established in 1709.

Found in the Surf.

LONG BRANCH, N. J., Aug. 5.—The body of H. C. Ogden, of New York, who was last seen on the Sandy Hook boat last Wednesday, was found in the surf here Tuesday. It was badly disfigured.

Victim of a Robber's Gun.

PORTSMOUTH, O., Aug. 5.—D. F. Connell, the man shot by a train robber on the Chesapeake and Ohio sleeper Saturday morning, will not recover.

ONE ENJOYS

Both the method and results when Syrup of Figs is taken; it is pleasant and refreshing to the taste, and acts gently yet promptly on the Kidneys, Liver and Bowels, cleanses the system effectually, dispels colds, headaches and fevers and cures habitual constipation.
